"I don't know how I survived without my Whole-Home DVR. The way my family watches TV is totally different now." — Kasson Fan

Catch a Great Deal

With Whole-Home DVR
and KMTV

Flexible - Watch recorded shows on any connected TV in your home. You can also schedule and delete recordings from any room. KMTelecom is the only TV provider with Whole-Home DVR that works on both Standard Definition and High Definition TVs.

Convenient - Simply set it and forget it. Record a series and ensure you never miss an episode; it automatically skips reruns, too!

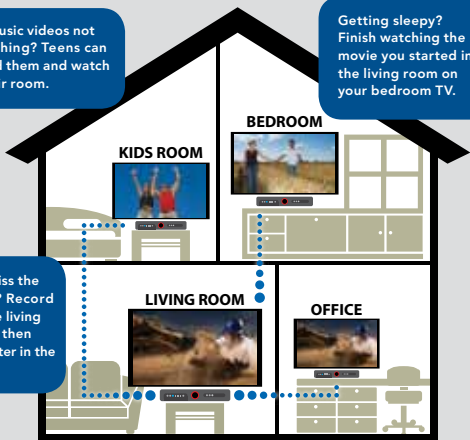

Entertaining - Pause and rewind live TV. Create your own instant replay.

Powerful - Record two shows at one time. Skip through commercials and watch a one-hour show in less than 45 minutes. Store up to 300 hours of standard definition recordings or 120 hours of HD recordings.

Are music videos not your thing? Teens can record them and watch in their room.

Getting sleepy? Finish watching the movie you started in the living room on your bedroom TV.

Have to miss the big game? Record it from the living room DVR then watch it later in the office.
