Using These Instructions

To use these instructions you must use the remote provided with your KMTV service. If the remote does not seem to be responding press the “STB” button on the top of the remote to activate your KMTV set top box (STB).

About the Cursor

When navigating the settings menus on your KMTV set top box you will see a square that surrounds the option you currently have selected. If the option you have selected is a white box (check box) or button the cursor will appear as a white and blue square. If the option you have selected drops down to give you multiple options the cursor will turn green. You move the cursor by pressing the various arrows next to the **OK** button.

Enter Words Using the Remote

When creating new users or entering the name of a favorites list you have the option to enter words. By each number there is a listing of three letters, if you hold that number down it will cycle through the number and letters associated with that button, let go when the letter you want appears. If you get the wrong letter press **DEL** and try again.

Using the Guide

When you press the **GUIDE** button a screen will display showing a list of shows that are currently playing, you can move through the channels using the **UP** and **DOWN** arrows as well as the **PG UP**, **PG DOWN**, **PG BACK** and **PG FWD**. You can also look forward to see what shows will be airing later. To do this you press the right arrow, it will move over in ½ hour increments. To go back in the guide you can press the left arrow. To show the program you have selected press **OK**.

Adding a Reminder

If you wish to be reminded when a program is going to start you can set a reminder.

- 1) Press the **GUIDE** button.
- 2) Find the program you would like to be reminded about.
- 3) Press **OK**.
- 4) Make sure the cursor is around **SET REMINDER**.
- 5) Press **OK**. A reminder will now show when this program starts.

Scheduling an Auto Tune

If there is a program that you want your TV to tune to automatically, you can schedule an Auto Tune. An Auto Tune is best used for a program that you wish to have tuned once. If you wish to have a program scheduled every time it is on you would schedule an event.

- 1) Press the **GUIDE** button.
- 2) Find the program you would like to be reminded about.
- 3) Press **OK**.
- 4) Make sure the cursor is around **SET AUTO TUNE**.
- 5) Press **OK**. Your TV will automatically change to that program when it starts.

Scheduling an Event

You may schedule an event if you wish for a program to be tuned every time it is shown.

- 1) Press the **GUIDE** button.
- 2) Find the program and time slot and channel you wish to schedule an event for.
- 3) Press **OK**.
- 4) Press the **DOWN ARROW** until **SCHEDULE EVENT** is selected.

5) Press **OK**.

Using the Menu

When you press the **MENU** button on your remote a screen will display the following options: Guide, PVR, Vault, Parental Controls, Settings, Favorites, Search and Sign out.

Description of Menu Options:

GUIDE: The guide will list the programming available for viewing.

PVR: Also known as the DVR (digital video recorder) functions. *(Only available when subscribing to digital video recording options.)*

Recordings: list of programs that have been recorded.

To Record: list of programs that are waiting to be recorded.

Schedule Event: schedule a program to be recorded. Scheduling an event can also be done by pressing **GUIDE**, use the arrow keys to find the program you would like to record and press the **RECORD** button.

Record History: a log of the recording history.

Delete History: a log of the deleted recordings.

The buttons at the bottom of the remote can be used to pause, rewind and fast forward a program that you're currently watching or a program that you recorded.

VAULT:

Video: Not being utilized at this time.

PPV Events: Pay-Per-View events viewed from this STB.

Sports Packages: Not being utilized at this time.

Reminders: You can set a reminder on the PVR option. This reminder will help you remember when a program is playing. To access this option Press **MENU**, got to **PVR**, press **OK**, scroll down to **SCHEDULE EVENT** and select **REMINDER**. Also see page 1 for adding a reminder.

Messages: Your service provider has the ability to broadcast a message directly to your TV.

Caller ID: A record of incoming calls listing the name and number of the party calling. *(Requires the Caller ID feature on your phone line.)*

PARENTAL CONTROLS: Gives you the ability to lock out various options. See pages 4, 5 and 6 for operation.

SETTINGS: This option is used to set up Preferences and Users as well as view Packages and Billing.

FAVORITES: This option gives you the ability to set up lists of favorite channels. When you sit down to watch TV you can select your **FAVORITES LIST** and scroll through the channels you would like to view without scrolling through 200 channels. See pages 6 and 7 for details.

SEARCH: Search for a program by name.
